PREDICATE DEVICE

K851402

Medi-Tech, Inc. Leveen Inflator Disposable Inflation Syringe

DEVICE DESCRIPTION

The MTI Threaded 1 ml Syringe is a syringe with a threaded plunger designed for controlled injection or aspiration of fluids into occlusion balloon catheters. The syringe has a male conical lock fitting to facilitate attachment to the occlusion balloon catheter. The syringe is provided sterile for single-use only.

INDICATIONS FOR USE

The MTI Threaded 1 ml Syringe is intended for the controlled delivery of fluids in the inflation and deflation of temporary occlusion balloons.

REFERENCED DOCUMENTS

- FDA Guidance on Content of Premarket Notification [510(k)] Submissions for Piston Syringes (April 1993)
- ISO 7886-1: Sterile Hypodermic Syringes for Single Use-Part 1: Syringes for Manual Use (1993) and,
- ISO 594: Conical Fittings with a 6% (Luer) Taper for Syringes, Needles, and Certain Other Medical Equipment-Part 1 and 2 (6/86 and 5/98, respectively)

SUMMARY OF SUBSTANTIAL EQUIVALENCE The MTI Threaded 1 ml Syringe is substantially equivalent to the predicate device in intended use and principles of operation.

Mr. Eben Gordon Director of Regulatory Affairs & Quality Assurance Micro Therapeutics, Incorporated 2 Goodyear Irvine, California 92618

Re: K011535

Trade/Device Name: MTI Candence Precision Injector

Regulation Number: 870.4450

Regulatory Class: II Product Code: MJN Dated: May 17, 2001 Received: May 18, 2001

Dear Mr. Gordon:

We have reviewed your Section 510(k) notification of intent to market the device referenced above and we have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act). You may, therefore, market the device, subject to the general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 895. A substantially equivalent determination assumes compliance with the Current Good Manufacturing Practice requirements, as set forth in the Quality System Regulation (QS) for Medical Devices: General regulation (21 CFR Part 820) and that, through periodic QS inspections, the Food and Drug Administration (FDA) will verify such assumptions. Failure to comply with the GMP regulation may result in regulatory action. In addition, FDA may publish further announcements

concerning your device in the <u>Federal Register</u>. Please note: this response to your premarket notification submission does not affect any obligation you might have under sections 531 through 542 of the Act for devices under the Electronic Product Radiation Control provisions, or other Federal laws or regulations.

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4692. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its internet address "http://www.fda.gov/cdrh/dsma/dsmamain.html".

Sincerely yours,

Timothy A. Ulatowski

Director
